☉ SUMMER ON THE ROAD ☉

Summer is officially here — which means longer days, road construction season, busy highways, and plenty of sunshine out on the road!

As temperatures rise, it's a great time for a few quick reminders to help keep everyone safe and comfortable this season:

- 🚚 Stay Hydrated

Keep extra water in the truck and don't wait until you're thirsty to drink. Summer heat can sneak up fast, especially during

loading, unloading, and inspections.

- 🚦 Watch for Construction Zones

Summer means road work everywhere. Give yourself extra time, stay alert for changing traffic patterns, and slow down in work zones to help keep everyone safe.

- 🌀 Beat the Heat

Check tires, coolant levels, and A/C systems regularly. A little preventative maintenance can save a lot of headaches on hot summer days.

Spotlight Driver- Jeff Lynn

Jeff joined General Transport as a regional driver in August 2025. Jeff does a great job and even recently received a customer compliment on his performance. When applying, he shared a very highly spoken letter of recommendation from his previous employer. He has not only met all of our expectations, but exceeded them and lives up to the kind words spoke about him. We are proud to have you as part of the GT Family!
